DETAILED ACTION

Claim Objections

1. The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not).

Misnumbered claims 33-35 have been renumbered 32-34, respectively.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1 and 33-34 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Knott (5,595,465).

Knott discloses the claimed invention including a vehicle transporter with a screw actuator with elongate members 15, 38 and a screw 30. A motor 70 is also provided (see Fig 9) as is a locking mechanism (Fig 3).

4. Claims 12 and 17 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Andre.

Andre (5,080,541) discloses the claimed invention including a vehicle transporter with a screw actuator having elongate members 3,4 and 23 which slide in response to the turning of a screw 5,6. Also, one end of vehicle support member is pivotable and the support member 3,4,23 and a vehicular frame define a line that is not normal to a horizontal frame beam (see Figs 4-5).

Allowable Subject Matter

5. Claims 18-31 are allowed.

6. Claims 2-11, 13-16, and 32 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 3612

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
